Yesterday afternoon Milton, the two-year-old son of Mr. and Mrs. Thomas M. Russell, found a vial of strychnine tablets on the floor, and fancying them, appropriated more or less. The prompt arrival of Dr. Browning soon relieved the little fellow of the foreign substance, and in a short time he was as lively as a cricket.

Notwithstanding the mercury was up in the eighties the past few days, compelling some to change their heavy underwear to summer weight, it is not a 2 to 1 shot that we do not have snow and cold weather before the end of the month. It has occurred in the past and will do so again, if not this year some other year. Make haste slowly in changing your flannel; it may save you a doctor's bill.

THEY ARE HERE, POTATOES.

One car Potatoes have arrived they are fine goods. M. C. RUSSELL CO.

MISSED CONNECTION

Another Chance For a Damage Suit Against the C. and O.

Thomas Byrnes and William Carnes, runaway boys from Columbus, O., were taken from a box car at Huntington, W. Va., yesterday morning. They had been locked in the car since leaving Covington Wednesday morning and were almost starved. They intended coming to this city, but were made prisoners soon after they climbed into the car.

It will be recalled that a Mrs. Price recently sued the C. and O. for \$5,000 and recovered \$195 because she was carried past her station and landed at Springdale.

As these young hoboos were heading for this city, and were carried to Huntington, an anti-Corporation jury oughtn't to have much difficulty in estimating how much more ought to be charged for landing in Huntington than for landing in Springdale.

MEMORIAL DAY

Will Be Observed Here By Joseph Heiser Post, G. A. R.

To the Old Veterans of the Civil War the 30th day of May is a sacred and hallowed day.

Then they make their annual pilgrimage to our beautiful City of the Dead and with flowers and garlands of roses strew the mound under whose sod rest in eternal sleep comrades who have answered the roll-call for the last time.

The sentiment is a noble and lovely one and should be perpetuated to the end of time—but then there is none who can take the place of the men who made an epoch that will live in history forever.

The soldier of the Civil War is passing away at the rate of 40,000 annually and soon the last one will have "crossed over the river and camped 'neath the shade of the trees."

The day will be observed as it has been ever since its inception by Joseph Heiser Post No. 13, G. A. R., of this city.

An eloquent speaker—Colonel D. W. McClung of Cincinnati—will deliver the address at the Cemetery.

Every Comrade in Mason county should make a special effort to participate in the exercises of this year.

It is hoped that the good people of the vicinity will reserve a portion of their roses for the occasion.

Beware of Ointments For Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, O., by F. J. Cheney & Co.

Testimonials free. Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

The Court of Appeals denied the writ of prohibition asked by Jailer Boone of Clark county to restrain Judge Riddell of the Breathitt Circuit Court from punishing him for contempt in refusing to deliver to its bailiff Moss Feltner and Sam Fields, inmates of the Clark County Jail, to be taken to Jackson for trial. The Court, however, says it is apparent Boone was acting in good faith, and that as he meant no contempt of the Breathitt Circuit Court he should not be punished.

THAT Owingsville correspondent of The Times-Star is a rustler. A week after items have appeared in THE LEDGER he wires them to paper as "news."

THE Times-Star says the danger to trades unionism through indiscriminate labor organization is again in evidence in Chicago. A strike

of cutters employed by a single firm was about

to fail when the Teamsters Union ordered a

sympathetic strike, its members refusing to de-

liver any goods to the offending firm. Team-

ing is not a trade—any man who can hold a

pair of reins can in one minute be initiated into its mysteries. Teamsters possess no monopoly

of skill and technique, acquired only after a long and constant practice. It is not strange,

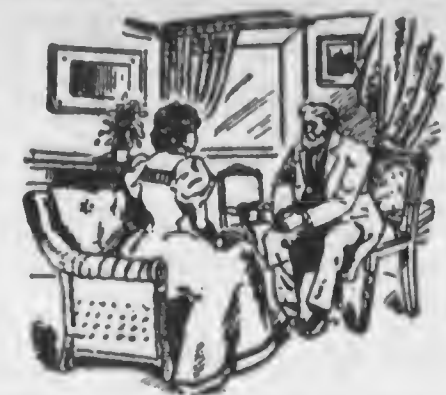

therefore, that when the teamsters strike that riot and disorder is the result, for it is only by inaugurating a reign of terror that men can win what legitimate trades unionists secure by their mastery of a trade. It is true that their leaders counsel against disorder, but the inevitable result is a riot.

Legitimate trades unionism—meaning by this an organization of men possessed of a trade embracing skill and technique—has won for itself a secure recognition in the past quarter of a century. A considerable movement has sprung up, indorsing the policy of trade agreements, whereby representatives of the trades unionists and the employers of that trade agree upon terms of wages and conditions of labor for a stated period.

As a result, speaking in the most general sense, the conditions in these trades is most harmonious. It is significant that in the Chicago troubles not a single legitimate trades union was involved.

The question as to how far trades unionism extends is one that requires the utmost discretion upon the part of trades unionists. The repeated riots precipitated by labor organizations that have no other method of winning than terrorism, reflects discredit upon every workman's organization—affecting the reputation of those who, by reason of a monopoly of talent, have won a secure place equally with those who use the labor movement only as a shield for their riotous conduct.

INDIGESTION'S RECORD

"The best remedy I can prescribe for your Indigestion, madam, is Green's August Flower. I know of several other physicians who prescribe it regularly."

Indigestion is making an awful record as a cause of sudden deaths. It is beating heart-failure in its ghastly harvest.

You read in the papers daily of apparently healthy and even robust men being suddenly attacked with acute indigestion after enjoying a hearty meal, and of their dying in many cases before a physician could be called in.

This should be a warning to you who suffer with regular or periodical attacks of indigestion. If these unfortunate victims of acute indigestion had taken a small dose of Green's August Flower before or after their meals they would not have fallen a prey to such sudden seizures. August Flower prevents indigestion by creating good digestion. It also regulates the liver, purifies the blood and tones up the entire system in a natural way.

THE POWERS CASE

PETITION IS FILED

Asking Transfer to Judge Cochran's Court

GEORGETOWN, Ky., May 3d. —With two life sentences reversed, and after having been under shadow of the death penalty for a year that verdict was reversed, Caleb Powers, accused of conspiracy before the fact to murder William Goebel, today made application to the Scott Circuit Court to have his case transferred to the United States District Court for the Eastern District of Kentucky.

The petition marked another sudden change of far-reaching import in the most dramatic trial of jurisprudence. Coincident with the filing of the petition was the appearance of former Governor Richard Yates of Illinois and Frank S. Black of New York of Counsel for Powers.

Powers basis his petition for a transfer of his case to the Federal Court on the claim that he has been denied and is being denied the equal protection of the laws as guaranteed by the Fourteenth Amendment to the Constitution of the United States and that by the workings of the State Courts of Kentucky in his case that portion of the Fourteenth Amendment, prohibiting any state from depriving any person of life, liberty or property without due process of law, had been violated. In support of this claim two main points are cited—

First—That three Courts refused to recognize a pardon issued in legal form by the then legally constituted Governor of Kentucky.

Second—That in all three of his trials before the Scott Circuit Court the Juries have been solidly packed with Goebel Democrats, the political opponents of the defendant, and that under the Kentucky Code this selection of Democratic Juries is permissible.

The first main clause covering the issue of the pardon is of unusual interest, since there is no provision in the Kentucky Statutes preventing the Governor from exercising the pardoning power before trial.

As Secretary of State. This pardon bore date subsequent to that of the warrant, and covered the offense specified in the warrant, and on which Powers has been tried three times. The petition states that at each of his three trials Powers produced the pardon as complete satisfaction of the charge against him, but that the trial Court in each instance refused to admit it, and on each appeal the Court of Appeals sustained the trial Court on this point. The application of the Federal laws to this phase of the case is summed up in the following paragraph from the petition:

"Your petitioner further charges that for said state to hold him in custody or to try or require him to be tried in any one of its Courts for the offense alleged against him in and by said indictment, since the granting and acceptance of said pardon and the issuance and acceptance of the certificate brief, is a denial to him of the equal protection of the laws and the civil rights to which he is entitled to and is provided for in and by the portion of said Fourteenth Amendment to the Constitution of the United States and by said Acts of Congress, [Act of Congress March 1st, 1875, Statutes at Large, Vol. 18, page 325.]"

The petition asserts that the three trials of his case are the only instances in which the Court of Appeals of Kentucky, or a trial Court of the state, ever held any pardon or certificate thereof, duly granted, entered and issued by any Governor of Kentucky, to be null and void.

Continuing, it is alleged that by virtue of the decisions of the Court of Appeals covering the matter of the pardon, the Scott County Circuit Court and all other Courts in the state must, and will, at the forthcoming fourth trial of Powers, continue to hold the pardon void, and thereby deprive him of the equal protection of the law and the civil rights accorded to all others.

Prosecutor Franklin objected on the ground that the petition had not been formally filed and was not therefore a part of the records of the Court, which point was sustained by the Court.

Governor Yates addressed the Court formally entering a protest against any further proceedings in the state Court, contending that under the statute providing for removal to the United States Court the filing of a petition for removal puts an immediate stop to all proceedings pending the action of the Federal Court.

Judge Stout announced that he would pass upon the question of filing the petition for removal and other questions related thereto at the opening of the special term ordered for the trial of Powers, and that ended the matter for today.

Powers's Attorneys will file a similar petition before Judge A. M. J. Cochran in the United States Circuit Court for Eastern Kentucky at its next term, which begins at London next Monday, May 8th, with a copy of the indictment, pardon, executive journal, etc.

If Judge Cochran finds that Powers's allegations of oppression and discrimination are well founded, and decides to take jurisdiction, the case will be taken out of the hands of the Scott Circuit Court. If the pardon is held valid by Judge Cochran, Powers's release would naturally follow; and if not a trial by Jury in the Federal Court may be the result of today's sensational proceedings.

Powers's Attorneys disclaim any reflection upon or hostility to Judge Stout in the filing of the petition for removal, as they have faith in his absolute integrity and impartiality; but they contend that the Court's hands are tied to a large degree by precedents and decisions in this very case, which make it impossible for Powers to receive the equal protection of the law guaranteed him by the Federal Constitution.

They say that Judge Stout is powerless to recognize the validity of the pardon in view of the decision of the Court of Appeals, and under other decisions they are not allowed to effectively attack the partisanship of Court officials in making up the Jury, leaving the defendant no other alternative than an appeal to the United States Courts for his constitutional rights and privileges.

The proceedings in the Federal Court at London next Monday will be watched with intense interest in the light of today's dramatic developments. It is understood that Governor Black of New York may join the other Attorneys in the Powers case at London.

George W. Stamper of Vanceburg and Jack Stamper of Olive Hill will build a concrete hotel at the latter place.

It is proposed that the Bar of Hamilton county, O., shall join with the Bars of Kenton and Campbell counties, Ky., in honoring the memory of Theodore Hallam, the brilliant Kentucky lawyer, whose funeral will be from Trinity P. E. Church, Covington, at 10 o'clock tomorrow morning.

Money in blocks of a hundred thousand like Mr. Rockefeller issues is just what Mr. Dowie needs in his business.

No matter how big a man may be as a tankard or anything else, he will be brought low if he gets off the right road.

Were Russell Sage to give away a hundred thousand people might reasonably infer the millennium was at hand.

The man whose note isn't worth the paper it is written on had better look out for his future glory, Preacher or no Preacher.

TORTURE AND HUMILIATION

For Fifteen Years Face and Body Mass of Itching Sores—Could Not Express Suffering—Doctors Failed—Had Lost Hope

CURED BY CUTICURA AT COST OF \$1.25

"My head was one mass of scabs, my forehead was covered down almost to my eyebrows, and I had to wear my hat all the time. My body was covered with spots in size from a pinhead to as large as a silver dollar. A white, crusty scab would form and itch, and words cannot express the torture and humiliation I suffered for fifteen years. I tried many doctors, and all kinds of treatments, but could get no help, and I thought there was no hope for me. A friend told me to get Cuticura. I did, and in three days my head was as clear as ever. I applied the Ointment night and morning, also taking a hot bath three times a week, and using the Ointment freely after the bath. After using one cake of Soap and two boxes of Ointment I was completely cured, without mark or blemish. I was so pleased I felt like running down the street to tell every one I met what Cuticura had done for me. If any one is in doubt about this, they may write to me. (signed) H. B. Franklin, 717 Washington St., Allegheny, Pa."

LAID TO REST.

Remains of George S. Rosser Consigned to Mother Earth.

All that was mortal of George Sherman Rosser was laid beneath the sod last afternoon.

Brief religious exercises were conducted at the First M. E. Church, South, by the Pastor, Rev. Dr. Charles F. Evans, assisted by the Rev. George H. Harris of the Church of the Nativity. The Maysville quartette—Dr. P. G. Smoot, Rev. R. E. Moss, Rev. Dr. John Harbour and Mrs. Boyd E. Muse—rendered several impressive numbers.

The pallbearers were Captain John S. Jones of Norwood, O., Captain Val P. Collins of Lexington, Thomas A. Davis, Robert G. Humphreys, Charles H. Frank and John J. Altmeyer. At the grave the ritualistic services of the Oddfellows closed the drama, and the body was left to join its kindred dust.

Women in Our Hospitals

Appalling Increase in the Number of Operations Performed Each Year—How Women May Avoid Them.

Going through the hospitals in our large cities one is surprised to find such a large proportion of the patients lying on those snow-white beds women and girls, who are either awaiting or recovering from serious operations.

Why should this be the case? Simply because they have neglected themselves. Ovarian and womb troubles are certainly on the increase among the women of this country—they creep upon them unawares, but every one of those patients in the hospital beds had plenty of warning in that bearing-down feeling, pain at left or right of the womb, nervous exhaustion, pain in the small of the back, leucorrhoea, dizziness, flatulency, displacements of the womb or irregularities. All of these symptoms are indications of an unhealthy condition of the ovaries or womb, and if not headed the penalty must be paid by a dangerous operation.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or necrosis of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulency), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, they should remember there is one tried and true remedy.

The following letters cannot fail to bring hope to despairing women. Mrs. Fred Seydel, 412 N. 54th Street, West Philadelphia, Pa., writes: "I was in a very serious condition when I wrote to you for advice. I had a serious womb and ovarian trouble and I could not carry a child to maturity, and was advised that an operation was my only hope of recovery. I could not bear to think of going to the hospital, so wrote you for advice. I did as you instructed me and took Lydia E. Pinkham's Vegetable Compound, and I am not only a well woman to-day, but have a beautiful baby girl six months old. I advise all sick and suffering women to write you for advice, as you have done so much for me."

Miss Ruby Mushrush, of East Chicago, Ind., writes: "I have been a great sufferer with irregular menstruation and ovarian trouble, and about three months ago the doctor, after using the X-ray on me, said I had an abscess on the ovaries and would have to have an operation. My mother wanted me to try Lydia E. Pinkham's Vegetable Compound as a last resort, and it not only saved me from an operation but made me entirely well."

Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

Mrs. Pinkham invites all sick women to write her for advice. Her advice and medicine have restored thousands to health. Address, Lynn, Mass.

The money sent by former citizens of Austria-Hungary, who have emigrated to the United States, to their relatives at home will amount to between \$1,000,000 and \$15,000,000 during the year 1904.

More than 200,000 shade and other ornamental trees have been shipped into Denver since the first of the year for local use. This exceeds the quantity shipped for the same period within the last ten years.

A Japanese porter in San Francisco saloon had saved \$50. He turned \$1 from the bartender and sent the money to Japan for the War Fund.

Lewis Hall, who was shot at Tonawanda, N. Y., on his right arm, a few days ago, went on the stage of the Tonawanda and retired only seven years ago.

A young man has said to be the most powerful man in the world is being made in Birmingham, England. It is a matter of registering a total of 224 tons.

A foreigner returns from London, lectured in San Francisco the other day. He said that one marriage party in the city, during the process, was a company of city ratcatchers, who marched trap in hand.

All diseases and affections of the SKIN

Positively cleared away in a hurry. I vouch for it. Thousands of wretched people are miserable—imagining they have a bad poisoning of the blood—when in nine cases out of ten it is purely a local parasitic manifestation in the skin which can be cleared away in a hurry.

Such misery now cleared away as surely as the sun shines above. Not merely ATTEMPTED—not a matter of improvement only—but a clearing of it all away absolutely—and quickly, too.

ECZEMA. The photograph showing the terrible inroads Eczema had made on this boy's face and head can be seen at our store. This work of the camera is the best evidence of the curative qualities of the D. D. D. Remedy.

(Case of Sammy Minkey. Cleared away and entirely cured in 21 days. Fully proven to us.) We vouch for this—absolutely. It has been proven to us beyond the possibility of doubt that a new medicament known as D. D. D. clears up the worst skin affections quickly. Its work seems astonishing, amazing, almost miraculous. (It is a specific formula, which, because of its discovery by Dr. Decatur Dennis, is known as "D. D. D."). Its actual record sounds like a story of magic. But there is no room for doubt about it; whatever, full proofs indisputable in every respect, have been submitted to us regarding hundreds of cases indisputable in every respect, have been submitted to us regarding hundreds of cases among them the one case shown here of the boy (Sammy Minkey), who was cured in 21 days. The results are not only complete, but permanent; in this case it is now nearly two years since the disease was cleared out of the skin, and no taint of it has appeared since.

Each one of the known skin affections is parasitic in nature, and all of them have yielded to "D. D. D." The preparation is being used by most of the skin specialists. It is compounded for druggists solely by the D. D. D. Co., 70 Dearborn St., Chicago. It is utilized by every family physician who has taken the trouble to investigate the work it is accomplishing. It is used in the Cook County Hospital, Chicago. It will clear away any parasitic break in the skin in from 3 days to 60 days' time. Visit the undersigned and see proofs that will make you a happier human. \$1.00 buys the prescription—already made up in sealed bottles, with authentic label or each.
